

Stealth® Rear Outlet Toilet

N7714, N7799

The Revolutionary Toilet that Saves More Water than any Other on the Market

Stealth Vacuum-Assist Power Chamber Inside

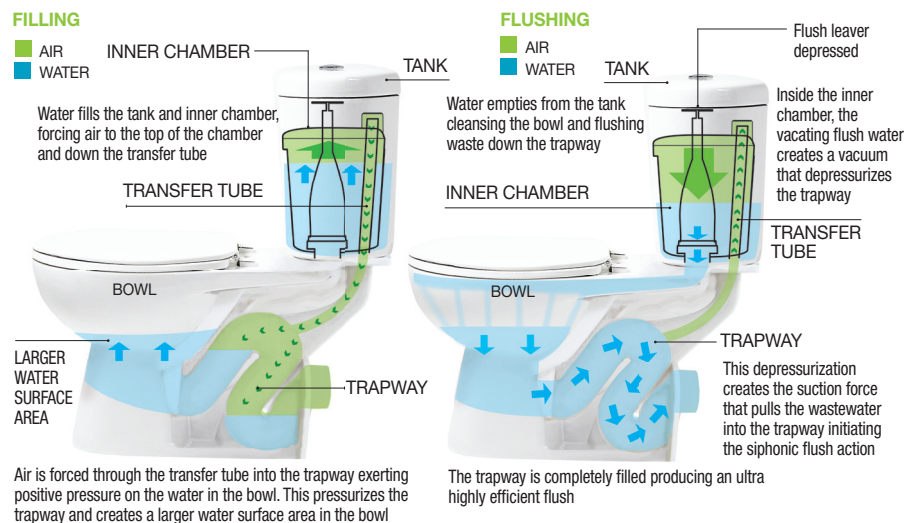

Stealth Toilet

Most Water Efficient Toilet on the Market

- Quiet, powerful flush delivered with a patented Stealth flush chamber and air transfer system
- Save up to 60% on water usage and utility costs
- Uses just 0.8 gallons per flush (0.8 GPF)
- One flush thoroughly evacuates the bowl every time – no need for double flushing
- As the tank fills, air is transferred to the fully glazed trapway. A large water surface is created as this air pressure causes the water to fill at a higher level
- Stealth delivers a cleaner and more reliable flush with more water in the bowl
- Smooth, low friction ceramic surface helps achieve a cleared bowl every time.
- Stylish, inconspicuous and durable flush button
- Meets EPA WaterSense® criteria
- Meets ADA requirements for bowl height
- Fully glazed 2" trapway for enhanced flush performance
- Limited Lifetime Warranty*
